

Create assessment consistency across schools and departments

Progress data for effective intervention

Quickly identify areas where intervention is needed, helping to boost student outcomes.

Compare performance

Easily benchmark performance across your schools and against national results, making data-driven decisions simpler.

Outstanding value for money

High-quality, curriculum-aligned resources that deliver great value across core subjects at KS3 and GCSE.

A smart investment for your school

Core bundle: maths, English and science for £2,200

Whole school: all 10 subjects for £4,500 – save 25%

Assess student performance in a few easy steps

Compare results against national averages.

See how interventions have led to school progress. Here, year 7 benefitted from more teacher CPD in Maths.

Average scores are only part of the picture. The coloured graphs highlight that some students are struggling in 11X2/Geo.

	All subjects	Maths	English	Science
National average	66%	64%	68%	64%
Baker School	61%	58%	67%	55%
Year 7	65%	65%	68%	49%
Year 8	61%	57%	67%	59%
Year 9	63%	58%	72%	62%
Year 10	58%	55%	64%	64%
Year 11	59%	57%	67%	65%

Performance by Class

Class	Score spread	Average score	Questions answered	Students
11X1/Geo		57	4,376	29
11X2/Geo		45	4,056	25
11Y1/Geo		67	7,346	28

Alex's other scores in Computer Science are usually **below average** or **well below average**

Alex's score is **slightly below average** for year 9s in the UK

Student performance is put into context – useful for sharing with parents.

Improve GCSE outcomes

Manor Academy, Nottinghamshire

"We looked at the 2024 GCSE exam results, and the students who had done their Educake homework over that time were the students who got the results that they were hoping for. **The correlation is very tight between Educake homework, learning, and also the results.**"

Helen Corsie, Assistant Headteacher

Cams Hill School, Hampshire

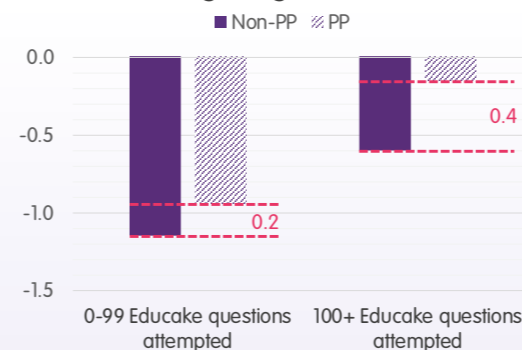

"In the last year our P8 went up by 0.3 – Educake was part of that philosophy."

Ian Hudson, Headteacher

Close the attainment gap

Average Progress 8 Score

Valley Park School, Kent

"At this school, pupil premium students achieved higher Progress 8 scores on average than their peers. The difference was even greater if they had engaged with Educake."

Greg Campbell, Research Project December 2024

St Aidan's CofE High School, North Yorkshire

"We have found it really useful, and it has clearly helped out students and has had an impact on the GCSE Geography results we achieved this year, particularly with different groups of students i.e. boys/SEND/disadvantaged."

Anna Lennox, Director of Learning (Humanities)

How can Educake improve student outcomes in your school?

"Educake has made streamlining our approach to homework a piece of (Edu)cake. We have found the data invaluable in making decisions to support the needs of our pupils."

Sam Hope, Science Teacher, Coopers School

"The biggest positive for us is the engagement. We've got more students engaging in schoolwork across all subjects."

Jon Attwood, Deputy Head, The Rural Enterprise Academy
